

ICON PAINTING

Iconography School: join the sacrament of writing an icon.

We are looking forward to greeting you on our course. Our classes consist of the theory and practice of writing the ancient Russian-Byzantine icon of the XV-XVI centuries. The knowledge will help you create icons of your own. See their worldly, extraordinary mystery live and not releasing from themselves. Having experienced the ancient art, many remain in it forever. As a result of the study, you will understand the techniques of the old masters, and be able to write one icon of your own during the course. You will revel in new skills and wonder at your own ability at having written a favourite icon with your own hands. No artistic experience is required of the beginning student .
